The opening of the newly renovated firehouse, which will serve at the headquarters for the City of Beacon Fire Department, at 1140 Wolcott Avenue, will take place with a formal ribbon-cutting ceremony on Nov. 16 at 11 am. The new building is described as "state-of-the-art facility" that will "represents a major step forward in enhancing the city's emergency response capabilities and improving public safety for Beacon's residents and visitors," according to City officials.

City of Beacon Fire Chief Thomas Lucchesi told Beacon Free Press during a recent tour that the membership has

been "very much looking forward to [the firehouse]. A lot of excitement in the air." There are currently 18 career firefighters and 4 volunteer firefighters with the department.

City Administrator Chris White said, "There were a series of studies and committee reviews for consolidating the three old firehouses into a central one." The reviews began approximately 17 years ago, according to officials. This project started architectural design in May 2022, said White.

### VETERANS DAY 2024 **Veterans Memorial Building** cornerstone holds new time capsule

Veteran Harold Delamater, left, and local business owner Oscar Maguin with the cornerstone at their feet after its removal from the Veterans Memorial Building in Beacon.

#### **By Kristine Coulter**

The Veterans Memorial Building on Main St., at Peattie Square, had a new time capsule placed in the cornerstone. The time capsule was placed late last month, in the cornerstone, which reads 1924.

"We pulled the cornerstone out this past Memorial Day," said Harold Delamater, commander of the Veterans of Foreign Wars (VFW) Post 666.

The items found in the time capsule then were "slimy, gooey, and wet,' said Delamater.

There was a Feb. 12, 1924 paper in the time capsule but it was so disintegrated, it was difficult to find out what paper is was at first, explained Delamater. It was discovered then, a while later, that the paper was The Evening Journal, which was a

paper in Beacon. "Our egos were deflated. We were really hoping for something else,"

said Delamater. That is why, when they placed the new time capsule in the cornerstone, to be opened 100 years from now, they made sure the items were wrapped up tightly so no moisture would be able to get into the items placed in the capsule.

Items that were placed in the new capsule were: World War I dog tags, World War II dog tags, sand from Utah Beach and Omaha Beach (donated by Beacon resident Fred McVicker), two Challenge coins, a 2024 silver dollar that was minted at the United States Military Academy at West Point.

Beacon Players ready to dream in 'Man of La Mancha'

#### **By Kristine Coulter**

Ready to dream? Ready to dream "The Impossible Dream?" The Beacon Players, the drama department at Beacon High School (BHS), will perform the musical "Man of La Mancha"

Anthony Scarrone is the producer of The Beacon Players. "The hit song from "Man of La Mancha" "The Impossible Dream" established itself inside my brain long before I went to school to announce our show for the fall. It's a big song musically and in spirit, and it's been in my heart and a soul since the show opened on Broadway opened in 1965 and as a young man saw it with my girlfriend (now wife) in 1968," stated Scarrone.

He continued: "I do remember Richard Kiley singing "The Impossible Dream" in person and on "The Ed Sullivan Show." Since then, I heard it performed by everyone from Robert Goulet to Jack Jones and everyone in between."

In a way the song overshadowed the hit musical it emerged from, said Scarrone.

The Beacon Players staging of "Man of La Mancha," with book by Dale Wasserman, music by Mitch Leigh, and

lyrics by Joe Darion, opens on Nov. 8 and 9 at 7 p.m. and on Nov. 10 at 2 p.m.in the Pete & Toshi Theater at Beacon High School, 101 Mattewan Road, in Beacon.

One of the students in the drama club is Evangeline Santise, who is a ninth grader.

"My older sister Anastasia has been in Beacon Players for her whole high school career, and she told me about it," explained Evangeline about how long she has been in the drama club.

Asked what it is like working and performing at BHS, Evangeline replied, "It is really amazing and I'm so happy that I get to be a part of it. I have always admired the attention to detail and sheer professionalism in these shows and to be a part of it contributing to this production is just amazing.'

Evangeline plays a Moor girl, which, "is a dancer and I also play one of the Knights of the Mirrors which is a really awesome character."

Scarrone explained, "Jonah Espinosa makes an immediate impression as Miguel de Cervantes just coming off playing the Phantom in "Phantom of the Opera" as he is led into the dungeon full of common criminals. He is upright, and proud, but not haughty, though his fellow inmates may disagree. He is accompanied by his servant. Evelynn Moreno casting as the comic relief is as pitch perfect as Espinosa is for the lead."

Anthony Soltish, who is a sophomore, portrays Juan, one of the Muleteers.

"I wanted to become an actor, so when I saw posters around the school for Beacon Players, I joined and have loved it ever since," said Anthony. He noted, "It is very exciting, performing on stage and working with the rest of the cast."

Let's not forget all of the crew who have been working hard on the sets, lighting and more behind the scenes.

One member of the crew is junior Shyanne McNair.

"My older brother and sister did Beacon Players when they were in high school, so when I saw the opportunity in 7th grade to join the younger company crew I didn't hesitate to join," remarked Shyanne.

Working on the sets is a "great experience that has exposed me to many possible career paths. I've also met many amazing people and made a lot of new

A recent rehearsal of "Man of La Mancha" at Beacon High School by the Beacon Players.

friendships," said Shyanne.

Henry Gute is a member of the lighting crew, who recalled: "I grew up watching

Beacon Players' shows and always wanted to be a part of a production. I remember being especially inspired by the sets in shows like "Peter Pan" and "Beauty and the Beast." I remember telling my mom that I didn't want to act but someday wanted to help make the sets." Last year Henry worked on set and running crew for the production of "Phantom," and acted in the younger company production of "You're a Good Man Charlie Brown."

BHS Senior Messiah Gardner plays The Governor/Innkeeper in this production. "The Governor is basically the leader of the prisoners; he's commanding and a bit impatient. Later, he becomes the innkeeper who is kinda the opposite of him, he's kind and a bit of a pushover," Messiah explained.

As for being on stage and performing, Messiah said, "It's hard to explain but performing on stage just gives you this kind of rush. Like performing on stage and showing all the hard work you've done by putting in a great show. It's just great."

"I think what I look forward to most about this show is probably the song I get to sing. It's called "Knight of The Woeful Countenance," said Messiah.

"Our young students have taken on this sophisticated and mature production with an incredible amount of focus and hard work, and it shows in every aspect of the play," said Scarrone.

Tickets are be available now at beaconplayers.com.

# Veterans Memorial Building cornerstone holds new time capsule

"We want the next generation to have something," said Delamater. There was a copy of the past Memorial Day service presentation about the building and the dedication of Peattie Square in honor of Francis Gerard Peattie who enlisted in the U.S. Army. It was stated that "during a bombing raid in the South Pacific, his (Peattie's) aircraft was shot down over New Britain, and all the air crew were killed except for one airman who bailedout and was captured by the Japanese."

The article from the Beacon Free Press regarding Pvt. William B. Wilson was placed in the time capsule, as was another article by another local outlet about the 1945 military plane crash on Mount Beacon that killed six servicemen.

Pvt. William B. Wilson fought and was killed in action, during World War I. Wilson was the first Beaconite killed during World War I. He was killed on August 19, 1918. He went to war with his best friends, George Van Pelt, and Herbert Miller, who was from Newburgh, Orange County. Also placed in the time capsule items of organizations that use the Veterans Memorial Building – Guardian Revival, Marine Corps League, American Legion, Nam Knights of America and the VFW.

"There's a lot that went into [the thinking]what we wanted to be in there," said Delamater.

Oscar Maquin, who owns a business in Fishkill, and his brothers were doing the work of removing and then placing the cornerstone back into place in the Veterans Memorial Building.

"When we came this morning, I tried lifting [the cornerstone] with my brother, but we had to lift it with four guys," said Maquin, who estimated the cornerstone was 250-300 pounds.

So, 100 years from now, what does Delamater hope people who open the time capsule thinks and understands about this era in history?

"I hope people understand the sacrifices that all veterans have made to make this country great. But also, the sacrifices made by the families of those veterans," said Delamater.

"Construction began in June 2023, and we are now substantially complete," he noted.

Mayor Lee Kyriacou told Beacon Free Press, "Our rebuilt-from-the-ground-up central station is not only a state-ofthe-art firehouse and energy efficient building, but also an architectural gem and a "thank you" to generations of dedicated City firefighters. It was built on-time and on-budget without a significant increase in property taxes. We invite the community to join us at the formal opening on November 16."

Officials describe the firehouse, which include sustainable features, as being "equipped with modern technology and improved resources." It was stated that this will "help firefighters respond more efficiently and effectively to a wide range of emergencies."

Some of the new features include:

- Hot, warm, and cold decontamination zones

- Advanced training spaces

- Improved apparatus bays

- Living quarters designed to enhance

the well-being and readiness of Beacon's firefighters

The firehouse also has sustainable features, such as energy-efficient systems and green building materials. The materials include twenty-one geothermal wells.

There is also a fully-equipped gym room for firefighters to exercise in. Lucchesi said when he was working in the City of Newburgh Fire Department the working out assisted with the camaraderie between the firefighters. It also helps with firefighters staying in shape and a firefighter who is in shape is "less likely to get hurt," said Lucchesi.

There is also a fully equipped kitchen. Firefighters cooking and eating together will assist with camaraderie.

The renovated firehouse will "increase morale," said Lucchesi, who said he has been working in the firehouse for the past seven weeks.

Propel training can also be done yearround now. There is a window where firefighters can propel from now.

The firehouse has numerous storage locations. There are updated bunk rooms

The new section of the roof has been designed to one day have solar panels. The firehouse is equipped with fire alarms and a sprinkler system, said the chief. The building is also ADA compliant. There are parking spaces and EV charger in the Wolcott Ave. parking lot.

There will be memorabilia displays recognizing the fire companies that have been in Beacon. "Without them, we would not be here today," said Lucchesi.

The monuments that stood at each of the former firehouses have been placed outside of the renovated firehouse, bringing the history of the department there. Each day firefighters will raise the American flag. Then, at the end of the day the flag will be lowered, said Lucchesi.

"It's great to see the project finally come together," said the chief.

#### **Check out information for shareholders** to see how a company is doing

#### To the Editor:

Regarding the letter about price gouging that was in the Oct. 30th edition. Net profits are accounted for after expenses, which include executive pay. Executive pay in the U.S. exceeds by great amounts compared to other countries.

The accountants have many legal ways of keeping official net profits low for tax purposes.

If you want to know how a company is doing, check out any information that goes to shareholders.

Walmart, for example, is doing just great, helped by inflation.

They just keep COVID prices when things eased up.

## Hudson Valley CA\$H Coalition, **AARP** Foundation Tax-Aide seeking volunteers for upcoming tax season

Hudson Valley CA\$H Coalition and AARP Foundation Tax-Aide seek volunteers for the upcoming tax season. Pictured is from last year's tax season.

-Courtesy photo

In an annual partnership, AARP Foundation Tax-Aide and the Hudson Valley CA\$H Coalition are providing free tax preparation services to eligible residents of Dutchess, Orange, and Putnam counties. This initiative primarily benefits seniors and low-to-moderate income households, offering a reliable and affordable solution for tax filing.

As the 2025 tax season approaches, both organizations are actively recruiting volunteers to join this valuable community service. Free training sessions will be held throughout the fall of 2024 and early winter of 2025. For more information or to volunteer, please contact Linda Eddy at

leddy@dutchesscap.org or 845-475-7500. Melissa Clark, Vice President of Community Impact at United Way of the Dutchess-Orange Region, praised the CASH program: "The CASH volunteers are dedicated and passionate about help-ing their neighbors. Their efforts ensure that over 6,000 local households receive their full tax refunds, providing a significant boost to their financial stability.

Last year alone, the program assisted 6,418 residents, resulting in over \$4 million in tax refunds and credits. This not only benefited families and individuals but also saved them nearly \$1.9 million in tax preparation fees.

Volunteer opportunities are available to individuals of all skill levels. While a background in accounting or finance is helpful, it is not required. Administrative and support roles, such as tax site greeters, program marketing, and appointment support, are also available for those who prefer non-mathematical tasks.

Individuals with computer proficien-cy and a desire to help others are strongly encouraged to join the volunteer team. Prior experience with tax filing is advantageous but not mandatory. Tax volunteer classes will provide comprehensive training and culminate in IRS certification upon successful com-pletion. The Hudson Valley CASH Coalition is actively seeking bilingual volunteers to better serve Spanishspeaking clients.

The Dutchess County District Attorney's Office Drug Task Force reports an investigation that was initiated in in late July related for the sale of cocaine in the Town and City of Poughkeepsie.

# Town of Fishkill officials update residents on meeting of plans for Downstate site

#### **By Kristine Coulter**

Town of Fishkill officials updated residents regarding the proposal for the development of the former Downstate Correctional Facility, on Red Schoolhouse Road, off Route 52 and Route 9D. In an email to residents that went out last week, Town officials said a meeting was held on Oct. 24 with the legal team for the Town of Fishkill. The legal team has the Town Attorney and two Independent Counsels on it. The counsels were hired "specifically to represent the interests of the Town in this process," it was stated. Also taking part in the meeting were representatives for the Empire State Development, the developer, Conifer, Beacon City School District and Glenham Fire District representatives and Town of Fishkill Supervisor Ozzy Albra.

The discussions, according to the email, focused on the following impact the proposed project would have on:

- Beacon City School District
- Fire services
- Water and sewer
- Sidewalk installation
- Traffic

It was remarked that the Town of Fishkill "does not support" the building of another school. The reason for that offered was the burden of the cost that the taxpayers would have to bear.

The email stated: "All parties left the meeting with a better understanding of the issues that are most important to our community. A high-density residential development is not in our Town's best interest. Then again neither is a vacant prison that will further deteriorate over time and never contribute to our community. What is needed is a proposal in which all of the residents can benefit from."

Flora Stadler, the president of the Beacon City School District Board of Education, stated via email to Beacon Free Press, "The Board's greatest concern is the impact of this proposed development on school enrollment and resources." Stadler noted, "The increased tax revenue that may result from the project would provide little relief to the District, which can expect a sharp spike in pupil and administrative costs. The Board shared these concerns in a letter to the Governor, and repeated them in the recent meeting with the developer and other stakeholders. During this meeting, the developers said they would use whatever formula the district recommended for estimating the potential number of students, which is a positive step."

It was noted in the email to Fishkill residents that "the original proposed project had three story structures. These structures would require a ladder truck, a new garage for the truck and a multitude of training for fire members. The cost of this would be in the millions. Supervisor Albra and the Fire Commissioners made clear that the cost would be an unacceptable financial burden on residents and suggested to the developer that they change the project to not require the need for ladder truck and expansion of the Fire Department."

According to the response from the Glenham Fire District (GFD), John

### Army keeps rolling with win over Air Force

There is something special brewing right in our backyard.

The football team at the United States Military Academy just can't be beaten.

Army won again on Saturday, 20-3, over military rival Air Force, improving to 8-0 and extending the nation's longest winning streak to 12.

The Black Knights are just a victory away over Navy in their traditional season-ending game next month from winning the coveted Commander-in-Chief's Trophy awarded to the winner of the three military academies.

With its normally potent offense stymied, Army had to beat Air Force in a defensive battle. But the Black Knights were up to the challenge, holding the Falcons to less than 200 yards of offense for the game. Army is just one of eight unbeaten teams left in the Football Bowl Championship division, formerly known as Division I.

The team still has four regular season games left, including against Navy and a contest against Notre Dame.

#### Lourdes boys win Section 9 title On to the state playoffs!

The Our Lady of Lourdes boys soccer team avenged a loss from last year and won the Section 9, Class A championship with a 2-0 victory over Beacon last week.

The game was played at Middletown High School.

It was the second year in a row that the two schools met, a throwback to win both played in Duchess County based leagues. Beacon won last season for its third consecutive title.

The victim was OLL.

This year, the Warriors were scheduled to open the state playoffs on Wednesday against the Section 1 champion.

It was the first sectional title for coach Eileen Cancro, whose son Evan is a standout on the team.

Steele, Chairman for the District, said the members support the redevelopment of the former correctional site, but do not agree with the current proposal exclusively for residential use.

Among the concerns that Steele, and the District officials, noted in its response, are:

- The parcel is not currently within any fire district in the town of Fishkill

- GFD, which borders the parcel on all sides, has for many years had a contract with Downstate Correctional to provide fire protection

- Affirmative action by the Fishkill Town Board and acceptance by a majority of the Board of Fire Commissioners would be needed to expand the GFD to include the parcel

- The GFD supports the economic development that would provide jobs and possible volunteers for the GFD

- The GFD has "many concerns" with the current proposal size and scope.

"If this parcel is developed as proposed, it would effectively increase the population of the GFD by approximately 40 percent," according to Steele.

- The GFD would need more personnel to train

During the meeting the types of units were discussed. According to the email sent to residents the "type of units is of the utmost importance."

Kristin Devoe, a spokesperson for Gov. Hochul, said, "As part of the development of Downstate Correctional Facility a series of meetings are underway with the surrounding communities and stakeholders which are being used to inform the final site plan for the development of the site. Additional outreach with local stakeholders and the public are expected before a final site plan is determined."

An inquiry to the developer asking for comment was noted immediately answered.

"The Supervisor stressed the need for senior housing as well as some veteran housing. A mix of housing units with some commercial property would be most beneficial for the Town. He discussed the need for water and sewer connections to benefit surrounding developments. The need for sidewalks," it was stated.

Kyriacou signed the order on Nov. 1.

Morgan Agosta scored a goal in the second half to give the Spackenkill High School girls soccer team a 2-1 victory over Our Lady of Lourdes heading into the Section 9 playoffs.

It was the first loss of the season for the Warriors

OLL's Val Perez gave the Warriors a brief 1-0 lead in the first half until Blythe McQuade tied it, setting up her teammate's second half heroics.

Delano Rigby came in after an early injury to starting quarterback Jazziah Whitted and through two touchdown passes to lead the Beacon High School football team to a 25-14 win over Spackenkill in a Section 9, Class B quarterfinal game.

The Bulldogs forced five turnovers in the game including an interception return for a touchdown.

Beacon was scheduled to play Port Jervis in a sectional semifinal game on Friday. The Bulldogs will bring a 7-2 record into the game.

# **RBR Real Estate Solutions lists Executive Square in WF for sale**

Commercial broker, Rob Buyakowski of RBR Real Estate Solutions, has announced the listing of Executive Square, a premier medical office building located at 66 Middlebush Road in the Town of Wappinger, for sale at \$3.9 million.

The three-story office building, complete with an elevator and ample parking, offers an incredible opportunity for real estate investment trusts or investment groups specializing in medical facilities. In addition to its size, this medical or professional office building is strategically located on the southwest corner of a signalized major intersection within the highly active Route 9 corridor.

"Executive Square spans over two acres and presents an excellent opportunity for large groups managing medical portfolios," said Buyakowski. "Real estate investment trusts, which are increasingly targeting medical office buildings, will find this property ideal for co-occupancy, as it offers the flexibility to attract complementary tenants."

This asset presents the option to parcel out the building as condo-style suites, creating tailored investment opportunities for those seeking medical office space or other portfolios. Currently, the offices consist of a 17-suite arrangement among its three floors, but adjacent suites can be combined with enclosed common areas to meet additional square footage needs. The building would be particularly well-suited for a dental group, orthodontic practice, or other medical offices looking to establish or expand their presence in the Hudson Valley's Town of Wappinger. Executive Square is conveniently located near highly traveled roads like Interstate 84 and the New Hamburg Metro North Train Station and near various Wappinger Central School District schools as well as Wappinger Town Hall.

Priced competitively at approximately \$130 per square foot, Executive Square offers a secure and solid revenue stream with current tenants under long-term leases. Current tenants include well-established medical practices, ensuring continued occupancy and rental income as an investment opportunity with growth and further tenancy. For more information, visit: crexi.com/properties/1696248/newyork-executive-square---route-9-middlebush-rd-wappinger. # **County Players to present 'Perfect Arrangement'**

### **Contemporary comedy to open November 8**

County Players, one of the longest-running community theatre companies in the area, is proud to present the Contemporary Comedy "Perfect Arrangement" by Topher Payne. This Main Stage production is directed by Sydnie Grosberg Ronga and opens Friday, November 8. Additional performances are scheduled for Fridays & Saturdays Nov. 8, 9, 15, 16, 22, 23 at 8 p.m., with matinees on Sunday November 17 and Saturday, Nov. 23 at 2 p.m. at the County Players Falls Theatre, 2681 W. Main Street in the Village of Wappingers Falls.

"Perfect Arrangement" is a contemporary comedy. It's 1950, and new colors are being added to the Red Scare. Two U.S. State Department employees, Bob and Norma, have been tasked with identifying sexual deviants within their ranks. There's just one problem: both Bob and Norma are involved in a carefully constructed cover-up. Inspired by the true story of the earliest stirrings of the gay rights movement, Perfect Arrangement merges madcap sitcom-style laughs with provocative drama as two U.S. State Department employees struggle to maintain their cover – and their sanity – in mid-century America. "[A] clever canapé of a comedy..." The New York Times.

The production features the local talents of Marco Caviglia, Katrina Lantz, Rick Meyer, Dylan Parkin, Alexandra Petrova-Emisti, Lauren Silverman, and Aimee Trumbore. Of this production, director Sydnie Grosberg Ronga said, "The play is about juggling masks - private lives versus secret lives, and finding your true self. It is a comedy of manners leaning toward farce with a message about prejudices that is still incredibly relevant."

Individual tickets are available online in advance of the performance dates at countyplayers.org. Adult: \$26, Senior 60+, Military, Students (with ID at the door), and Children under 12: \$24. The Box Office is open for in-person ticket sales one hour before performance time.

Hudson Valley Credit Union proudly sponsors County Players' 67th Season. This production of "Perfect Arrangement" is made possible with the support of our Silver Sponsor: Stissing Center for Arts & Culture, and presented by arrangement with Concord Theatricals, on behalf of Samuel French, Inc. concord theatricals.com

# Learn about the Lenape culture at Mount Gulian Historic Site on Nov. 9

#### By Kristine Coulter

Learn about the Lenape culture and Lenapehoing, the land of the Lenape, during a talk on local history at Mount Gulian Historic Site at 1 p.m. on Saturday, Nov. 9. Harv Hilowitz, a contributing scholar for the Maritime Museum in Kingston, will give the talk. The Hudson River Valley National Heritage area is the sponsor of the event.

According to organizers, "For over

12,000 years, the ancestors of the Lenape culture lived and thrived in Lenapehoking, the land of the Lenape, which included the Hudson Valley. Local tribes such as the Wappinger, Esopus and Tappan encountered Henry Hudson along the Mahicannituck in 1609, changing things dramatically forever."

Hilowitz said, "The ancestors of the Lenape People lived in the Hudson Valley for well over ten thousand years. We know them from the colonial "contact period" as Wappinee, Esopus, Munsee and hundreds of other local tribal names. Descendants of the Lenape still live here, and on Federal reservations in Oklahoma, Kansas and Wisconsin, and on First Nation reserves in Canada."

One of the temporary sites of the Lenape, according to Mount Gulian Executive Director Elaine Hayes, was the property where Mount Gulian would one day be located. Mount Gulian was the home of the Verplanck family and played a part in the American Revolution. "...and was also the site of the Rombout Patent of 1683, the Indian Deed selling much of Dutchess County to colonial settlers. Interaction with the Europeans forced the Lenape to develop survival strategies, resulting in a remnant leaving the area to

live elsewhere," said Hayes.

Hayes noted, "Cornelis Barentse Van Wyck arrived in what is now Brooklyn around 1660. The area was entirely inhabited by Lenape (mostly Canarsee, Nyack and Rockaways) and a handful of Dutch settlers. When the Van Wycks arrived in the Hudson Valley in the 1700's, many Lenape had already been forced out, but the Van Wycks undoubtedly interacted with them on a daily basis."

Hilowitz will focus on Lenape lifeways before the contact period and delve into the Lenape diaspora, and current renaissance and return to the area, said organizers.

Admission for the talk is \$12/adults; \$10/seniors; \$5 children (5-15 years). Mount Gulian members are free, but membership is open to the public. Call 845-831-8172 or email info@mountgulian.org to make reservations. Payment can be made on the day of the event. If there are seats available, walk-ins will be accommodated.

Hilowitz and Hayes hope that visitors come away with "respect for the Native Peoples," who lived on this land for so many centuries, and "an understanding" of their history, and that Lenape People are still here and thriving.

Mount Gulian historic site is at 145 Sterling St. in Beacon.
